

DuploFLEX FOL®

Product Data Sheet

Material Specifications

Standard Width:	12.205" (310mm)
Standard Length:	14.7638' (4.5m)
Standard Thickness:	.004" (.102mm)

Product Description and Key Features

DuploFLEX FOL is a polyester-based, double-sided adhesive tape designed for mounting pre-cast counters. When applied to the back of a pre-cast counter, DuploFLEX FOL provides tremendous holding power which helps to assure the counter won't move or "walk" on press.

Detail: Can be cut to size; very tacky; produced with a textured, green carrier sheet on one side

Product Performance

Adhesion Characteristics*:	Good adhesion; heavier engraved designs may require additional mechanical fastening
Bonding Temperature:	Dependent upon the type and thickness of material being bonded; bonds at room temperature

Storage

Dry, climate-controlled conditions

Recommended For

Embossing, debossing and combination (fluted) jobs

***Disclaimer:** Before using this product, you must evaluate it and determine if it is suitable for your application. Storage conditions, metal type, temperature, size/weight, and cleanliness will affect bonding.
