

Release Film

Product Data Sheet

Material Specifications

Standard Size: 24" x 100' (609.6mm x 30.48m)
Standard Thickness: 50 gauge (12 micron)

Product Description and Key Features

Release film was developed to work with the pour-counter system. Release film is placed over the pour-counter mixture to prevent the mixture from sticking to the engraved die during the molding process. The unique thickness of the film makes it very durable but thin enough to allow the mixture to get into even the finest areas of the die for proper molding.

Storage

Dry, climate-controlled conditions

Recommended For

Embossing and debossing jobs

***Disclaimer:** Before using this product, you must evaluate it and determine if it is suitable for your application. Storage conditions, metal type, temperature, size/weight, and cleanliness will affect bonding.
